

# MOTION CONTROL SOLUTIONS

Quality solutions for safely controlling your machines.

High-performance products you can trust to increase efficiency, uptime, and throughput while reducing operating costs.

Horizon Solutions® partners with leading manufacturers of servo motors and drives, gearboxes, actuators, and bearings.

Find the products you need for everyday and high-performance automation. We offer products for just about every motion control application from PLCs to linear mechanics to keep your plant safe and efficient. We can deliver complete solutions and turnkey projects to keep your systems running.

## Motion Control Manufacturer Listing

### Gearboxes

- Apex Dynamics, USA
- Stober
- WITTENSTEIN

### Linear Bearing Rails and Ball Screws

- LinTech®

### Linear Stages

#### (Ball Screw, Roller Screw, and Belt)

- Exlar®
- LinTech®
- LinMot®
- Rockwell Automation®
- Tolomatic

### Linear Servo Motors

- LinMot®
- Rockwell Automation®

### Motors and Drives

- Advance Micro Controls (AMCI)
- Elwood®
- Exlar®
- Rockwell Automation®
- Tolomatic

### Robotics

- Codian
